

myClinicOnline Patient Request and Authorization Form

Northwest Colorado Health is pleased to offer you access to myClinicOnline. This secure online tool allows you to communicate with our clinics and provider and track many aspects of your medical care. myClinicOnline is available at any time for non-urgent issues.

myClinicOnline allows you to:

- Request or cancel appointments
- Request medication refills
- Ask questions and send messages to your provider
- Update your personal information
- View most lab results
- View and print health information, including medication and immunization records
- View educational materials from your provider

Only adult patients currently have access to myClinicOnline, we are not allowing access for minors. We apologize for any inconvenience; we are actively working on a solution to allow minors to access myClinicOnline.

Patient Information

Patient Name: _____ Date of Birth _____
Last First M.I.

Email Address: _____

By signing below, I acknowledge and agree that:

- I will be using myClinicOnline account to access my own Personal Health Information.
- I understand I can request to have my account disabled at any time.
- I understand that information held in myClinicOnline is part of my Protected Health Information. If I give my username and password to anyone, they will be able to see my confidential medical information.
- I understand myClinicOnline account can be deactivated at any time at the discretion of the agency and/or provider
- It's my responsibility to ensure my information remains confidential.
- I understand that when I initially sign on to myClinicOnline I will be required to read and agree to the portal consent in order to complete my account registration.
