CEO & BOARD CHAIR UPDATE

In 2024 we set to work setting our Strategic Plan for the next three years, identifying the strategies of Evolve How We Serve, Secure Our Future, and Support Who Does It, and Expand Who Knows It. Little did we know that we would lean so heavily into these strategies toward the end of the year with the unprecedented events that led to our purchase of Casey's Pond. Over the course of only a few months, the community came together to save Casey's Pond, and we have since seen success in its stabilization. We are humbled by your support of this invaluable resource, your trust in Northwest Colorado Health to step up into courageous leadership, and your belief in our mission to improve the quality of life for all Northwest Colorado residents in this new capacity. Our deepest gratitude is owed to the many donors, partners, staff, and residents who believe in this effort and continue to support Northwest Colorado Health. We are proud to call the Yampa Valley home.

Best regards,
Stephanie Einfeld, CEO

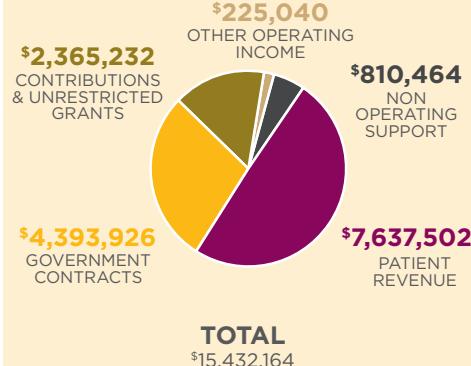

Becky Lewis, Board President
